

## CSR

APL is not just one of the leaders in the paper industry but also a champion of social responsibility, weaving community empowerment and employee welfare into its core operations. With a strategic focus on sustainable growth and inclusivity, the company's initiatives uplift rural livelihoods, foster a safe and equitable workplace and drive meaningful community development.

### CSR Vision

To take proactive steps and embrace opportunities to make positive, long term and meaningful contributions to the communities that are located around the company's manufacturing facilities and farm forestry areas.
